Weddle captures 1998 Van Kuren award

By Kent Bierley
NAIC

Wright-Patterson Air Force Base, Ohio

Donald Weddle, left, receives plaque from Raelynn Bryan.

Donald Weddle was presented a plaque from Raelynn Bryan, president of National Air Intelligence Center's Van Kuren Chapter, for being selected as the Local Manager of the Year for 1998 by NAIC's Van Kuren Chapter of the National Management Association.

Weddle, chief of Airborne Reconnaissance Analysis Branch, Directorate, Data Exploitation, NAIC, Wright-Patterson AFB, Ohio, was selected to his current position to "fix" the branch's production, management policies and a debilitating morale problem.

Weddle instinctively provides the exact

balance of duty and people. His leadership led directly to an increase of certified analysts from 14 percent to 90 percent in just eight months.

For these efforts, DXSF's Standardization, Evaluation and Training Section has been selected to represent Air Intelligence Agency in the Air Force-level competition for the Hoyt Vandenberg Award of the 1998 Air Force Association Awards.

Weddle is a "one-in-a-million" manager and leader, and has become an example for other leaders to emulate.

Helping to shape first IO Wing

Left, Col. Gary Harvey, 67th Intelligence Wing commander, presents William Woods, director of Plans and Programs, 67th IW, Kelly Air Force Base, Texas, the Meritorious Civilian Service Award. Woods was the guiding force behind several Air Intelligence Agency initiatives that implemented information operations for the 67th IW, AIA and the Air Force. His vision, expertise and leadership has made him a key player in shaping America's first Information Operations Wing, according to Harvey.

Not one, not two, but four

Left, Brig. Gen. (Select) Don Petit, director of Plans, Headquarters Air Force Space Command, presents Col. John Schenk, Air Intelligence Agency's Individual Mobilization Augmentee to 7th AF/IN, the Department of Defense Meritorious Service Medal, Air Force Meritorious Service Medal, Air Force Exemplary Service Medal and the North Atlantic Treaty Organizational Medal. According to Schenk, "It was a pretty good day at the track."
