National criteria on transfers:

iii) Transfer of title between the U.S. and another country. The 2008 submission therefore includes equipment whose title was transferred during the 2007 calendar year.

Notes:

(1) Additional information on transfers involving the U.S. can be found at <http://www.state.gov/t/isn/unreg/>.

(2) No data is included on Unmanned Aerial Vehicles (UAV). This omission is done without prejudice to the issue of whether or not they are captured under the existing categories.

Previous U.S submissions on relevant policies, national arms import and export procedures, both as regards arms transfers and prevention of illicit arms transfers continue to be relevant.
